

## What's checked. What matters. And how **Epika** keeps your fleet **compliant**.

If your trucks aren't compliant, they're not moving—and that's not an option. DOT inspections help make sure your fleet is safe, road-ready, and aligned with FMCSA regulations.

Whether it's a random roadside check or your required annual inspection, our goal is simple: **keep your trucks rolling and everything running right.**

Read on to learn what our fleet technicians check during a full DOT inspection to keep your trucks compliant and on the road

**Brake System:**

Service brakes  
Parking brake

**What Else We Check:**

- The current inspection sticker to see if the vehicle is due for a annual inspection.

## What to Expect from **Epika** Brands?

Whether it's Managed Mobile, Fleet Mobile Maintenance, Prestige, or any of our Epika brands—our teams inspect your vehicle like it's our own.

Thorough, efficient, and built around your schedule.

We don't cut corners. And we don't wait for compliance issues to find you. If something needs attention, we'll catch it early and handle it on-site whenever we can.

It's how we keep you ahead of inspections—and everything running right. See our brands by clicking [here](#)

## Need a DOT Inspection?

Our certified fleet technicians will come to your location, perform a full DOT check, and make sure your fleet is compliant—without pulling vehicles out of service longer than needed. Email [info@epikafleet.com](mailto:info@epikafleet.com) to learn more!
